Dataset Name: Transit Passenger Overload Incidents

Date Released: September 9, 2026

Open Data Categories:

Transportation & Transit

Dataset Description:

Table of passenger overload information reported by Halifax Transit from 2020 to current year for bus and ferry services. Passenger overload counts are estimated.

Data Purpose:

This dataset supports monitoring and analysis of passenger overload conditions across the Halifax Transit network.

Notes or Disclaimers:

Passenger overload counts are estimated values and are subject to reporting limitations and data variability.

Dataset Owner: Halifax
